

Free Air Monitoring

DO YOU LIVE NEAR THE MONESSEN COKE WORKS?

ARE YOU CONCERNED ABOUT AIR QUALITY?

How We Can Help You:

Protect PT is leading a team of regional partners to collect and analyze samples of polluted air and detect harmful substances. Participating residents will receive information about the air quality at their home and the health impacts of pollutants. You can share this vital information with doctors and community leaders to protect your health and your home.

Sign Up Now!

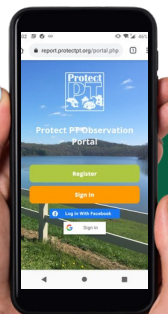

protectpt.info/cafainterest

How to Participate:

- Give us permission to place monitors on your property for 2 years.
- Keep a log of significant air and health impacts.
- Have a wifi signal and an outdoor outlet.

Report air pollution events using Protect PT's mobile app. It can be accessed anytime on any device at report.protectpt.org.

If you are interested or have any questions, please contact our environmental science department.
