Re: *Request for Non-surface Oil & Gas Leasing Denied*

Dear Mr. Starrett:

This letter serves to inform you that at this time we do not wish to grant any property rights to Huntley and Huntley Energy Exploration, LLC, or any other agents, sub-contractors, assigns, and /or successors for the property located at the mailing address of \_\_\_\_\_ (the "Property"). This includes refusal to grant any surface and /or non-surface property rights that we currently hold.

We assert that we are the owner of the mineral rights for the Property and do not wish to sign over these rights. Further, we are not at this time granting the aforementioned entities the right of ingress or egress to the Property.

Thank you,
